Ms. Katherine Prizeman, Secretary of the Global Mechanism on developments in the field of ICTs in the context of international security and advancing responsible State behaviour in the use of ICTs, United Nations Office for Disarmament Affairs

Excellency,

The Office of the Observer of the DMUN Foundation to the United Nations Headquarters and Bretton Woods Institutions presents its compliments to the Secretary of the Global Mechanism on developments in the field of ICTs in the context of international security and advancing responsible State behaviour in the use of ICTs.

The Office has the honour, on behalf of the Secretariat and the Executive Director of the Foundation, to request accreditation of the Foundation to participate in the Global Mechanism on developments in the field of ICTs in the context of international security and advancing responsible State behaviour in the use of ICTs, administered by the United Nations Office for Disarmament Affairs.

The DMUN Foundation is a non-governmental organization dedicated to promoting global education, youth engagement, and international cooperation. Through its initiatives, the Foundation seeks to strengthen young people's understanding of diplomacy, peacebuilding, disarmament, and multilateral processes within the United Nations framework.

As this will be the Foundation's first participation in the Global Mechanism, the DMUN Foundation wishes to highlight its prior involvement in United Nations-related educational and awareness initiatives, including capacity-building sessions, workshops, and training programmes on international peace and security, ICT governance, and multilateral diplomacy.
